# LETTER FROM LEADERSHIP

As the 2023-2024 season ends, I want to express my genuine appreciation to all of you for yet another exciting season! Your sons and daughters have represented our organization with great pride, and we could not be more appreciative. Congratulations to all teams who competed at Districts, and best of luck to those headed to Nationals; we will be cheering for you!

This organization continues to grow each season, and our directors work diligently to provide your children with every possible opportunity to become better hockey players, both on and off the ice. It was thrilling to see the Nashville Jr. Predators represented at the Quebec International Pee-Wee Tournament. The partnership between the Jr. Predators, TPH, and Nashville Predators has been thriving, and we are excited to continue our growth and development next season.

We aim to provide a positive, developmental, and educational elite hockey program that inspires great hockey players and constructive and progressive community members. Character development is just as critical as hockey skills development; any college recruiter, not to mention professional scouts, will agree.

Let's keep the positive momentum rolling into the 2024-25 season and remember to enjoy the off-season away from the rink. Go Preds!

# 8U DEVELOPMENT PROGRAM

## ABOUT 8U DEVELOPMENT PROGRAM

The Nashville Jr. Predators are ecstatic to provide an opportunity for the youngest players of the Nashville Hockey Market. We emphasize skating, skills, compete, confidence, and most importantly fun. Our practices will push the players out of their comfort zone. The first window for speed development is from 5-8 years old.

Our Coaching staff will encourage players to skate hard in every drill. We believe it is extremely important at this young age to learn good habits and focus on the ice during practice. This culture will make practices FUN as well as improve the players love for the game of Hockey! The Nashville Jr. Predators 8U Development Program is a proud USA Hockey Sanctioned program.

## SEASON TIME FRAME

*September – March*

The season will begin after Labor Day with weekly practices. Games begin roughly around October and will conclude Mid-March.

## PRACTICES

Each team will receive two team-specific skates to work on skill and game concepts as a group, as well as an additional skate as an entire 8U group where the coaches can focus heavily on skills and full ice drills/skating.

# 8U DEVELOPMENT PROGRAM

## GAMES

Teams will compete in one to two jamboree or tournament-style weekend games a month (October through March). Tournaments will consist of home events in Nashville, one in Knoxville, TN, and one in Huntsville, AL, with additional tournaments typically in the Atlanta or Alabama areas depending on the layout of tournament weekends.

## GAME STRUCTURE

Most games will be played at half-ice, although some games may be played  $\frac{3}{4}$  ice depending on the event. The goal is to improve creativity and for players to learn to compete in small area puck battles as the game has evolved into a faster and more skilled game.

Half-Ice hockey should allow players to be creative and force them to always be moving in tight spaces. Watch an NHL game for an understanding of how little space and time players have to make plays and decisions.

Any game played will be USA Hockey sanctioned. We believe the USA Hockey model provides the best opportunity for 8U players to receive the touches, repetition, and confidence they need to develop skills and have fun playing the game.

## SEASON FEE: \$2,300

### INCLUDES:

- 3 Weekly Practices
- Professional Coaching
- Tournament & Jamboree Fees
- NJP Jerseys & Socks
- Bridgestone Mite Jam

# TIER I ELITE HOCKEY LEAGUE

The Nashville Jr. Predators Hockey Club is a proud Tier 1 Elite Hockey League (T1EHL) member. The league is the nation's premier amateur hockey league, featuring over 23 organizations stretching from coast to coast. With significant visibility, top-level talent, and elite coaching often coming from the upper levels of professional hockey, the T1EHL boasts the ability to move young, talented players to organizations such as Major Junior, Tier I Junior Hockey, NCAA Hockey, NHL, and other professional leagues. # P4 TEAM-BUILDING

P4 is entering its second season as a team-building program developed for our AAA players. It is designed to optimize team-building and personal development within the club, emphasizing the four Ps: **Players**, **Purpose**, **Performance**, and **Pressure**!

Led by Lincoln Lakoff, a hockey parent and visionary, P4 draws inspiration from his extensive experience in leadership and business. The program originated as a Leadership Academy in Lakoff's wholesale distribution business, aimed at nurturing young individuals' leadership abilities and fostering effective teamwork. With over four decades of professional experience, Lakoff has successfully translated these principles into the sports arena, presenting young athletes with tools to excel on and off the ice.

The program's essence is guiding our **Players** to discover and define their **Purpose** while **Performing** at their best under **Pressure**. "P4 is not just about hockey; P4 is designed to help our young athletes prepare to navigate life beyond hockey," passionately stated Lakoff.

This is one example of how the Nashville Jr. Predators are committed to impacting our players' integrity, character, and leadership skills, ensuring they can compete at the highest level while becoming well-rounded individuals!
